Autumn Paint Challenge

26th October 2026

Paint along with me & colour your world

Hello! I'm Ali Greer

Hello dear friends and thank you for choosing the Autumn Paint challenge
.
I have kept each guide to a minimum, so you don't need to print out too many pages.
The general acrylics guide showing you the materials recommended is a separate work book guide and you can find it in the heading.
In this guide you will find the colour recipes and the tracing templates.
I have given you two sizes to choose from. Simply cut out the templates and use carbon copy paper to transfer the image onto your canvas. I do have a video available showing you haow to do it in the topic menu.
I hope you enjoy this painting feel free to pause the video at any time. It is uploaded via You tube, I have found it best to stay connected in the browers if you are pausing the video as it may go back to the beginning if you switch between browers on your pc. I advise you print out the colour recipe pages as well. So that you have it close by. Remember to paint over your outlines with acrylic paint first and a video is also in the topic menu.

Have fun
Ali x
